GENERAL CONSENT FOR TREATMENT

I _____, understand that this treatment plan is based on the current knowledge of my clinical conditions. I understand that during the course of treatment clinical conditions may change necessitating a change in the treatment plan and that I will be fully informed of any changes. I have been provided an opportunity to ask any questions regarding my treatment including the risks and benefits of care or not receiving care and I have had them addressed satisfactorily. I understand that some of my dental needs cannot be treated at this office and that those items have been identified. I further understand that this treatment plan and estimate has be created without considering insurance limits and deductibles, as these amounts may change prior to the completion of treatment. The patient estimated amounts have not been verified with my insurance carrier. The total cost of treatment is my responsibility. Estimated patient amounts, co-pays, and deductibles must be paid on the date of service, unless alternate arrangements have been made prior to treatment. An insurance claim will then be submitted to my insurance carrier. When payments are received from the insurance carrier any amounts not covered will be billed to me and I will receive a statement. I have read, understand and now give my permission for treatment at Dedicated Dentistry for myself or the minor patient named above.
